

# THAT RHEUMATIC TWINGE IS NATURE'S WARNING

The first twinge of Rheumatism is a warning—Nature's own signal to the sufferer that the system is being overloaded with uric acid. Uric acid poisons the system and causes Rheumatism.

Nature is always at work, driving this poison out of your body, but when Rheumatism comes, it means that Nature has been overworked. That unless she is given aid the Rheumatic sufferer can only look forward to increased pain and a long life of misery.

**How Uric Acid Causes Rheumatism**

Did you ever see any uric acid? Most people like to see things before they believe them.

Well, you can see uric acid in a glass of urine and set it in a cool place over night and see what happens.

The whole bottom of the glass will be covered with a deposit of uric acid and other things.

Now this uric acid in the glass has passed from your body properly and it doesn't hurt you. But when your system is out of order some of the uric acid is left in it.

Then it settles in different parts of your body, just like it settled at the bottom of the glass.

It settles in your shoulder or your knee, and you have Rheumatism in the muscles and you have Inflammatory Rheumatism. If allowed to run on the kidneys are affected or Heart Disease results.

**NATURE'S WARNINGS OF EXCESS URIC ACID**  
Serious illness begins with indigestion, headache, dizziness, sleeplessness, poor digestion, dry skin, shortness of breath, palpitation, sluggish brain, dark colored urine, and in women, menstrual disorders. These are Nature's warnings.

## ADMISSION OF HYNICKA

Received Gratuities From Cincinnati Banking Institutions.

## COUNTY TREASURER'S STORY

**Investigation Into Hamilton County Affairs Commenced by the Special Committee of the State Senate. Witnesses Examined and the Testimony Introduced.**

Cincinnati, O., Feb. 24.—According to his testimony before the committee appointed by the state senate to investigate the public offices of Cincinnati and Hamilton county, County Treasurer Hynicka received about \$20,000 in gratuities for deposit of public funds from various banks.

The committee began its inquiry during the morning in a downtown office building. The three Democratic members of the committee, Senators Drake, Epsy and Schmidt, were assisted by Attorney Philip Rootinger, the two Republicans who had been named to serve with them having resigned from membership on the committee. Before the testimony of Treasurer Hynicka several bankers had testified to the payment of gratuities to various persons connected with the county treasurer's office, such payments being as an expression of appreciation for the deposit of public funds. None of the witnesses were perturbed by the testimony, nor were they attorneys allowed to represent any of the officials whose offices were to be investigated, but the chairman of the committee, Senator Drake, announced that the order may be revoked later.

County Treasurer Hynicka testified that he had been treasurer one year and a half, and deputy treasurer five and a half years previously. He said: "While I have been treasurer, Mr. Schott, the cashier, has had charge of the funds. I should say \$3,500,000 is the amount collected semi-annually in taxes. I should judge four-fifths of this is paid in checks. We deposit them in the various banks—in almost every bank in Cincinnati. Probably we have used more banks during my term than in any previous term. We have not deposited currency. The checks are received for the accommodation of the public and are deposited for collection. When we get the collections we send out the receipts. It has been customary to hold checks for 10 to 30 days to accommodate citizens. Mr. Schott handed me in this term about \$15,000 or \$20,000. I don't know if Mr. Schott or anyone else received any money from the same source. This money was not regarded as public funds. It was accepted, as I took checks at my risk and I was under bonds. I again say it was not the county's money. It might have been Mr. Hynicka's. He was responsible for it. The law provides that the money for taxes must be received in cash."

Vice President Edward F. Well of the Western German bank testified that his bank has usually from \$150,000 to \$250,000 of city money on deposit, and it is paying 2 per cent interest on the deposit to the present city treasurer. It has always been 2 per cent. "At present," he said, "we have \$200,000 of county funds. It is a certificate issued in the name of R. K. Hynicka, treasurer of Hamilton county. We never paid any interest on county funds."

President Charles Nickles of the Helvetia Savings bank testified that he had given \$340 to Cashier Schott of the county treasurer's office to induce him to deposit funds in the bank.

## OUTPOINTS HART.

**Tommy Burns of Chicago Shows the Big Fellow Up.**  
Los Angeles, Cal., Feb. 24.—By those who took Marvin Hart's claim to the world's championship title seriously, Tommy Burns of Chicago may now be considered the heavyweight champion. Burns decisively outpointed Hart at the Pacific Athletic club pavilion and got the decision at the end of the twentieth round. From start to finish, with the possible exception of the tenth and fourteenth rounds, when Hart had a very small advantage, Burns outfigured the bigger man, outgeneraled him and beat him at every point in the game of boxing. At times Burns, although handicapped in weight and height, made Hart look like a novice.

In the last few rounds, seeing the tide of the battle going against him, Hart, urged by his chief second, Tommy Ryan, tried desperately to corner his quick-witted opponent and secure a knockout. Every attempt failed, however, and every round increased Burns' lead.

Hart weighed about 155, while Burns' weight was given as 175. Jack (Twin) Sullivan was Burns' chief second. The betting was 2 to 1 on Hart and even money that Hart would win in 10 rounds.

I have just returned from a successful trip through the west, and will give my attention to the real estate business here as in the past. Jesse E. Shelling, rooms 25 and 26 Lansing block, Newark, Ohio. 15eod5t-sw2t

numerous and general have been

all your kindly offices. Mrs. Charles

### Weak Kidneys

It is of little use to try to doctor the kid-  
neys themselves. Such treatment is wrong.  
For the kidneys are not usually to blame for  
their weakness or irregularities. They have  
no power—no self-control. They are operated  
and actuated by a very subtle and delicate  
system of nerves. If this system is deranged,  
the kidneys are deranged. If the kidneys are  
strong and healthy, the system of nerves is  
strong and healthy. If the kidneys are weak  
and diseased, the system of nerves is weak  
and diseased. This is the only way to  
cure kidney trouble.

This tender nerve is only one of a great system  
of nerves. This system controls not only the  
kidneys, but the heart, and the liver, and the  
stomach. For simplicity's sake Dr. Shoop  
called this great nerve system the "Inside  
Nerves." They are not the nerves of feeling—  
the nerves that enable you to walk, to talk,  
to act, to think. They are the master nerves  
and every vital organ is their slave. The com-  
mon name for these nerves is the "sympathetic  
nerves"—because each set is in such close sym-  
pathy with the others, that weakness anywhere  
usually results in weakness everywhere.

The one remedy which aims to treat the kid-  
neys themselves, but the nerves which are  
to blame, is known by physicians and druggists  
everywhere as Dr. Shoop's Kidney Pills (Solid  
or Liquid). This remedy is not a symptom  
remedy—it is strictly a cause remedy. While it  
usually brings speedy relief, its effect is also  
lasting.

If you would like to read an interesting book  
on kidney disease, write Dr. Shoop. With  
the book he will also send the "Health Token"  
—an intended passport to good health. Both the  
book and the "Health Token" are free.

For the free book, Book 1 on Dyspepsia,  
Book 2 on the Kidneys,  
Book 3 on the Liver,  
Book 4 on the Stomach,  
Book 5 for Men,  
Book 6 on Rheumatism

Dr. Shoop's Restorative Tablets—give full  
three weeks' treatment. Each form—liquid or  
tablet—has equal merit. Druggists everywhere.

Says There Was No Strike.  
A committee of three men repre-  
senting the spring makers and shoe  
welders at the B. & O. shops called at  
the Advocate office Saturday morn-  
ing and stated that the news that  
they were on strike was a mistake.  
There was no trouble of any kind ex-  
cept that there was no oil in the tank  
for them to work with and the could  
not go on duty Friday. The men  
were on hand Saturday morning as

splendid work and needed work in

First M. E. Revival Services.  
"Moment by Moment" was most  
impressive as sung by Mr. Nafziger  
at last night's meeting at the First  
M. E. church. The large audience  
present gave undivided attention to  
the sermon on "How I May Know I  
Am Saved," by Miss Lawhead. The  
evangelist has a remarkably strong  
and clear, yet melodious voice, which  
completely fills the auditorium. Her  
work is thorough and will be lasting.  
At the after meeting several were  
converted. These workers will be  
heard at all services tomorrow and  
throughout next week.

Fell Into Canal.  
J. Johnson, a man who blew into  
the city from Coshocton yesterday  
took a chilly bath in the Ohio canal  
Friday night, and but for the arrival  
of the police officers might have been  
drowned. Johnson attempted to take  
a short cut across the ice and his  
bark refused to obey the helm. He  
wandered rather aimlessly and also  
heavily about on the frail ice until he  
broke through. An officer found him  
rather the worse for his bath and  
took him to the police station. He  
was fined \$5 and costs for being  
drunk.

Reynolds, Prof. Louis Schwartz.  
The program, which is to be a highly

A report was telephoned to the po-

tionality early Saturday morning. No  
names were given, but both have  
been in police court before. Officer  
Zergiebel made an investigation. It  
was learned that the man had been  
prowling around the woman's home  
during the early hours of the morn-  
ing and the woman raised a window  
and fired several shots at the float-  
ing Hunks. She then left the house, and

## Bedding Justice.

A lot of far-and-white pickpockets, of rascals dropped with plunder, were caught in the very act, caught so completely that they simply had to confess. Forward stepped the officer of justice. "These fellows look guilty, my fellow citizens," said he. "But are we calm? Are we not heated from the chase? Are we not unduly excited by our losses? Yes, we are. So fellow citizens, let us not proceed against these men. Let us release them. Let us wait until we are calm and they recover their breath."

If a common, every-day burglar is caught in a citizen's bedroom, pockets full of swag, jimmy in hand, the quicker he is rushed off to the penitentiary the better everybody feels. But if, when the burglar's mask is torn off, the features of some sly hypocrite who has been working his fellow-men and trying to work Almighty God for years are disclosed—why, then, let us be calm, let us do nothing but dodder until all the witnesses are dead and the evidence is mildewed and is undecipherable!—Editorial in Saturday Evening Post, Philadelphia, February 24.

## GRANVILLE NEWS

Granville, O., Feb. 14.—That much talked of event, the Washington Banquet, given by the Senior class of Denison University, occurred on Friday evening at half past six in Cleveland hall. The hall was elaborately and beautifully decorated. Long strips of red and black bunting, the Senior class colors, were draped over the entire room, making a canopy of these effective colors, in the center of which gleamed the numerals of the class, from against a background of black. Ferns were festooned upon the walls and palms and hothouse plants were in abundance. The place cards were especially suggestive. On the corner of each was a drawing of the smoke stack, upon whose top, two years ago, the class of '06 waved its flag, thereby winning in another way a still more enviable record. The flag in all its glory floated in the picture from the top of the smoke-stack and was sufficient to advise all, hitherto uninitiated, of the exceptional ability of the Senior class.

At the hour set for the banquet the

guests took their places at the long tables, while the Newark orchestra furnished music, which added considerably to the gaiety of the occasion. The sight of the assembled guests was a very festive one and the memory of this most enjoyable and successful banquet will linger long in the hearts of all. Special credit is due to the patronesses of the occasion, who managed so commendably the entire affair. The committee in chief consisted of Mrs. Burton Case, chairman, Mrs. J. L. Gilpatrick, Mrs. W. S. Hines, and Mrs. T. H. T. Hines.

While the banquet received its name as usual from the time-honored father of our country, George Washington, it was also given in honor of the delegates from other colleges present at the Ohio Educational association, whose contest was held here on Thursday evening.

The following was the menu of the banquet:

Fruit cocktail	Turkey	Creamed Potatoes
Oyster Patties		
Brown Bread	Olives	Pickles
Chicken Salad	Chesse Wafers	
Salted Nuts		
Ice Cream	Cake

## LEGISLATURE SHAPING SALARIES WAS CHIEF BUSINESS OF WEEK

Some Progress Was Made Along This Line But Both Houses are at Cross Purposes--The Original Brannock Bill Was Treated With Contempt When Presented.

Columbus, O., Feb. 21.—Progress was made this week on salary bills, of which there were several before the legislature.

Senator Rose's two bills to reduce salaries of judges went through the senate after a compromise was reached fixing salaries of common pleas judges at \$2,500 in smaller counties and \$5,000 in Hamilton and Cuyahoga counties, a reduction of \$500; and a flat salary of \$5,000 for circuit court judges, a reduction of \$1,000.

The house passed the Conroy bill fixing salaries of prosecuting attorneys on a scale which ranges from \$700 in counties like Geauga to \$2,500 in Cuyahoga and Hamilton counties.

But a general salary law for counties stands at a cross-purposes, the senate having passed one bill and the house another, much as the two bodies moved in the 2-cent fare act. Which side will yield to the other on county salaries is uncertain. The senate yielded absolutely to the house on position to remove saloons by petition.

If the Democratic senate does not pass the Jones bill it will give the Anti-Saloon league opportunity to raise the same kind of a howl about "the administration." It did before because of the stand taken by Governor Herrick. If the senate passes the bill and the governor signs it he will be going beyond his campaign utterances and the official recommendation he made to the legislature in his inaugural address.

Representative Welker (Rep.) of Stark county, tried to hold the house to a scale when he introduced during debate the original Brannock bill as an amendment. Of course, as an amendment the original Brannock bill was a substitute for the present Jones bill, but even so it was more consistent to offer it to "amend the Brannock law" than to call the Jones bill an amendment of the Brannock law, for the Jones bill is itself a substitute for the Brannock measure in any form original, intermediary or final.

In offering the original Brannock bill during debate on the Jones bill Mr. Welker said: "Governor Pattison, in his message to the general assembly a few weeks ago, recommended the original Brannock bill. This is it. It is this which I offer you. Not only the Republicans and the Democrats are for it, but, according to Governor Pattison, a great majority of the people of the state are back of you in accepting it. It is here, unamended, just as it was passed by the house two years ago. The Republican papers told you then it was right to the last detail. The Republicans made no mistake two years ago, and can you make a mistake now by supporting the same bill? Wayne B. Wheeler said there was an overwhelming sentiment for the original bill. Does he want a different one now? Yet, I assure you Mr. Wheeler has not asked me to offer this amendment. No Democrat can afford to vote against the amendment and go back and face his temperance constituents in Cincinnati or elsewhere. Can any Republican afford to go wrong on this amendment, as Governor Herrick did, and meet the fate of Herrick? Two years ago I voted for the original bill and did not vote for the bill after Herrick had emasculated it. It is the original bill I offer you now."

The "original" bill was treated with contempt, for it was voted down by 93 yeas to 14 nays, the affirmative votes being cast by Adler, Braun, Burekheit, Criswell, Diehl, Foster, Hawkins, Hunt, Jessup, Pettit, Reynolds of Franklin, Steward of Fairfield, Welker, Winters.

There is rejoicing among Governor Herrick's friends over this defeat of the "original" bill which he caused to be changed. They claim it vindicates his action two years ago when he required the bill to be enacted as it stands on the statute books before he would sign it. They also say that the Anti-Saloon league, by pushing the Jones bill, has abandoned the very act for which he was so bitterly assailed by the league, and therein they find some grounds of comfort.

The friends of Governor Herrick further say that the step taken by Mr. Welker makes it impossible for the Anti-Saloon league to refer again to the "sacred original bill," and they find some comfort in that, too.

It will be well for Democrats to keep these things in mind. The experience Governor Herrick had with the Anti-Saloon league may be but a forerunner to what the Democracy of Ohio may expect from the same organization if all its demands are not granted.

Under the Jones bill, as it passed the house, the maximum population of any proposed district is fixed at 5,000. Its provisions follow somewhat the lines of the Brannock law in the methods for initiating proceedings and defining a district. It gives the anti-saloon forces the initiative for the first petition to prohibit the sale of liquor in the district defined. This will prevent the liquor forces anticipating the law by beating the anti-saloon petitioners to court as they did so often under the Brannock law. After two years in a district made dry by petition the saloon interests may try for a petition to open up the district, failing in which, of course, the district will stay dry.

Just how all these peculiar stipulations and restrictions will look to the senators is a matter of speculation. What the courts will do, if the senate passes and the governor signs the bill as it now stands is even more conjectural.

For the present, the action of the house may be set down as "a sign of the times." The bill passed by a vote of 91 yeas to 16 nays, the negative votes being cast by Braun and Reynolds both of Franklin, Republicans; Adler, Burekheit, Diehl, Foster, Hill, O'Rourke, Meyer, McLaughlin, Mulac, O'Rourke, Pettit, Stephenson, Steward of Fairfield, Winters, Wynne, Democrats.

Not till after Governor Pattison was inaugurated did the Anti Sal on league come out into the open with its proposition to remove saloons by petition.

Although passes are said to have

been cut off by railroads, the "court-teses" of telegraph companies are still open to the solons. Only a few days ago the "compliments of the season" from one of the telegraph companies were distributed among members of the legislature in the form of "franks." As in other years, the books contain the stern provision: "Good only for family and social messages; not to be used for business or political communications."

One member when he received the book of franks remarked: "I'm against all such perquisites, but I'm not fool enough to send this back."

## FRIENDS TELL FRIENDS— "NOTHING LIKE PE-RU-NA."

PE-RU-NA'S POPULARITY  
IS IN NO SMALL MEASURE  
DUE TO THE GENEROUS  
PRAISE GIVEN IT BY  
GRATEFUL PEOPLE.

### Tells Every One About Pe-Ru-Na.

Mrs. R. T. Fennessy, Bound Brook, N. J., writes:  
"I have taken Peruna and find it a very good medicine. After I took one bottle of Peruna, I was cured of my cold. I cannot help telling every one I know about Peruna and asking them to try it. I would like every one to know of the good Peruna does."

### Friend Advised Use of Pe-Ru-Na.

Mr. E. W. Staley, 312 Fillmore St., Nashville, Tenn., writes:  
"I was down for three months with pneumonia and had gotten very weak. A friend advised me to try Peruna, which I did, and soon found it was the thing I needed. When I finished the third bottle, I found I weighed more than I ever did in my life."

### Recommended Pe-Ru-Na to Many.

Mrs. J. M. Horton, 928 S. 15th street, Birmingham, Ala., writes:  
"I had a severe attack of grippe. After taking the third bottle of Peruna I was fully restored to health. I have recommended it to many."

### A Neighbor Advised Pe-Ru-Na.

Mrs. John Haynes, 107 E. Main St., Columbus, Ohio, writes:  
"For over two years I suffered with headaches and severe pains in my head, and all these two years my friends would say, 'Why don't you take Peruna?' Finally one of my neighbors just insisted on my taking it. I tried it and before I had taken one-fourth of a bottle my headaches were gone. I am never without Peruna. I advise every one to take Peruna."

### Spreading the Good News.

Prof. J. Iverson, dealer in musical merchandise, box 313, Cumberland, Md., writes:  
"It is now five months since my wife began taking Peruna and from the first day improvement has been going on noticeably. She is now in good health. We never tire of making this fact known to our many friends."

### A Friend Had Used Pe-Ru-Na.

Mr. Henry I. Goodwin, portrait artist, 38 Gove street, E. Boston, Mass., writes:  
"For three years I have been suffering from a general rundown condition of the system. I tried many remedies. A friend of mine advised me to use Peruna, as it had benefited him. After taking two bottles I felt better. Now I am in the best of health."

"DON'T CARE IF YOU  
NEVER COME BACK"

Said the Mayor to the Stanley Sis-  
ters, Who Were Auditioned From  
the City This Week.

Mayor McCleary had a conversa-  
tion over long distance phone Friday  
evening with one of the Stanley sis-  
ters, the Egyptian palmists and for-  
tune tellers, who were ordered out  
of the city this week. The lady  
wanted to know why the mayor had  
given out the report that they were  
not wanted here. She stated that  
she expected to return to the city in  
a few days.

"I advise you not to do so," said  
the mayor.

"Why not," came the sane reply  
"Because you will be arrested and  
fined and locked up in jail," said the  
mayor.

"Now you really wouldn't do that,  
would you? You look good to me.  
We are not doing any harm and  
don't know why we should be driv-  
en from Newark," replied the reader  
of palms.

"Well, if you are in Mr. Vernon,  
I advise you to stay there or go on  
further north. We don't want you  
here," and with this parting shot the  
mayor hung up the receiver.

The Stanley sisters were ordered  
to suspend their seances in this city  
and to move to some other place.  
Complaints flooded the police head-  
quarters for several days about the  
methods of extracting money from  
victims who visited these palmists.

## HUSBAND SECURED HER SIGNATURE

TO A DEED GOT THE MONEY AND  
THEN ELAPED.

Is the Charge Made by Mrs. Flora B.  
Miller in Answer to Cross Peti-  
tion Just Filed.

In the case of William T. Miller vs.  
O. E. Miller and others, Flora B.  
Miller, wife of O. E. Miller, has filed  
her answer and cross petition. She  
alleges that her husband, O. E. Mil-  
ler, induced her to sign a deed for the  
real estate which he owned before he  
deserted her and absconded. She  
charges that her signature to the  
deed was secured by false and fraud-  
ulent representations made by her  
husband that he was getting \$5000  
for the property when, in fact, he  
was getting only \$4500.

She also charges that her husband  
represented to her that he intended  
to use the proceeds of this sale to  
pay his debts and purchase a home  
for himself and her with the bal-  
ance, whereas, in fact, he intended to  
convert all his property into money,  
to pay none of his creditors, and to  
elope with one Clara Miller, which he  
did.

Mrs. Miller says that her husband  
is living with Clara Miller, as his  
wife, in Denver, Colo., and that he  
has contributed nothing to her sup-  
port since his desertion of her and  
elopement with Clara Miller.

She asks for alimony, that the  
value of her contingent dower inter-  
est in the represented value of the  
real estate be found and paid to her  
in money, and for all proper relief.  
G. C. Daugherty, attorney for the de-  
fendant.

# THE LIVER

Formula of Prof. Jules Pinot, Beauvais, France.

THIS IS A SCIENTIFIC PREPARATION — IT IS NOT A COMMON NOSTRUM.

CUDIN'S PELLETS absolutely make an inactive Liver active.  
The action of CUDIN'S PELLETS is immediate, and it is not attended with the  
painful gripping effect so general with Liver regulators and laxatives.  
The Kidneys, Stomach and Bowels remove the waste and decay from the body.  
The Liver prepares and fits for the use of the system the elements of the food needed to  
replace this waste.

When the Kidneys, Stomach and Bowels fail to properly perform their functions, the  
Blood brings extra work upon the Liver, and the poisonous matter retained clog and inter-  
fere with its action.  
The result is Constipation, Biliousness, Torpidity, Sluggishness, Congestion,  
Headache, Jaundice, Dyspepsia, Piles, and the surprising number of symptoms which  
result from a disordered Liver.

Cathartics and laxatives excite and purge. They act upon the Liver only. Or they act upon  
the Bowels only, leaving the other organs inactive.  
CUDIN'S PELLETS act upon the Liver, Kidneys, Stomach, and the entire length  
(2 feet) of the intestinal canal, Bowels, cleansing out the choked ducts and bile passage.  
They restore the Liver to a perfectly healthy, normal condition, and by their enforced  
stimulating and tonic properties purify the Blood.

## They Do Their Own Work.

CUDIN'S PELLETS do not contain Calomel or any other ingredient that require you  
to take something else to remove it from your system. They require no assistance.  
If you have an ailment of the Liver, Stomach, Bowels or Bile of you should take CUDIN'S  
PELLETS at once, and you will be delighted and amazed at the painless accuracy with which  
they reach the seat of the disease, remove the cause and restore you to a healthy condition.

CUDIN'S PELLETS have astonished the medical profession by their immediate, pleas-  
ant, painless and strengthening action.  
Try them now, or write us for a full, scientific explanation of these wonderful Pellets.

For sale by Druggists, 50c. and 25c.

If your druggist does not carry them in stock and will not procure them for you, write us  
enclosing the amount in Stamps or Postal Order, and we will send them to you by return mail.

## ZELL TRADE MARK NERVE TABLETS

## Sergeant Orr's Letter

Nerve troubles are real. They lead to disastrous results.  
That may happen to any one. Zell Nerve Tablets feed starved  
nerves. That's why they restore perfect health. They build  
nerve strength. They tone up the nervo-spinal system and make  
rich red blood.

Read what Sergeant Orr, winner of the Sea Girt championship medal  
for rifle shooting, says about Zell Nerve Tablets:

NEWARK, OHIO, Sept. 15, 1905.

THE ZELL DRUG CO., Galion, Ohio.  
Gentlemen:—I wish to express my appreciation of your valuable Nerve Tablets—  
Zell Nerve Tablets. When I began practicing for the Small Game Shot List summer, I was  
weak, nervous, and far from condition for such an ordeal. I decided on your remedy, as I  
proper one to use in my case, and used it constantly during my practice and during the shoot,  
and was highly gratified to be able to win the championship of Ohio in this shot, and to be  
selected as one of the contestants in the National Military Competition Shot at Sea Girt.  
My success I attribute largely to the use of your Nerve Tablets, and at the same time to the  
during the Sea Girt Shoot, and give it credit for assisting me very materially in the winning of  
the title which I now bear, the Champion Military Rifle Shot of the United States.  
I regard your remedy as a most valuable one, and would advise any one needing a Nerve  
Remedy to at least give Zell Nerve Tablets a trial.

## BEN DICKERSON WILL BE TRIED

IN COSHOCTON MONDAY FOR THE MURDER OF MRS. HUGHES.

Whom It Is Alleged He Killed Last Spring—Attorney McDonald Is Witness in the Case.

The case of the State of Ohio vs. Ben Dickerson, charged with first degree murder in the killing of Mrs. Hughes, near Cooperdale, Coshocton county, in the spring of 1905, is set for trial in the Coshocton county Common Pleas court at Coshocton on Monday, February 26.

It is claimed that Mrs. Hughes had gone to a spring, about 300 yards from the house, in a desolate hollow, and while there she was murdered by the accused. It is also claimed that she was dragged for some considerable distance in among the trees, where her head was jammed between two trees, in which condition she was found with life extinct.

Dickerson, who was arrested on the charge of having murdered the woman, is a man of about 50 years of age, and was a near neighbor of Mrs. Hughes, and it is reported that considerable bad feeling existed between Dickerson and the Hughes family.

At the time the murder was committed a man by the name of Thomas McCoy, a farmer, living about two miles from the home of the Dickersons, happened to be in the vicinity and called at the home of the Dickersons in search of a harvest hand. He was engaged in conversation with Mrs. Dickerson when they heard screams in the direction of where the murder was committed. McCoy remarked that "there must be some killing going on over there," when Mrs. Dickerson said she "thought it was some children playing." Mr. McCoy started for the point where he had left his team of horses hitched on another road, going through the woods where the screaming had been heard, and through several fields.

Considerable speculation is being had as to what the testimony of McCoy will be, as to whether or not he saw anybody while passing through the woods, near the scene of the murder. It is said that he has told certain persons that he did not see anybody, but it is also said that he testified before the grand jury that he saw a certain person commit the murder.

Attorney B. F. McDonald of this city, has been subpoenaed as a witness in the case.

### A THOROUGH PRODUCTION.

From the rise of the curtain on the Ridgeville, Ind., depot to the final scene in the old hotel on Christmas eve, "A Millionaire Tramp," is one succession of surprises. The scenic detail is wonderful. Not the slightest item is overlooked from the roaring of the train wheels or the tolling of the bells in the great church scene to the faint sound of the old clock striking the hour of midnight at the finale of the play. With all its complete detail, the author has not forgotten the public likes to laugh and has given to the piece a wealth of comedy that produces more laughter than a dozen average plays can produce. "A Millionaire Tramp" has set the pace for an entirely new style of drama and other managers will do well to pattern after Elmer Walters' production. At the Auditorium next Saturday.

### In Self Defense

## AMUSEMENTS

### VAUDEVILLE TONIGHT.

This will be the last opportunity of the week to witness the vaudeville program at the Auditorium. The bill offered is the best ever seen in Newark at popular prices and is the same as can be seen in any of the large city houses. Reserved tickets for the evening performance at 8:15 now on sale.

### ON THE BRIDGE AT MIDNIGHT.

"On the Bridge at Midnight" Kilmt & Gazzalo's famous scenic drama, for which the scenery alone cost \$10,000 will be here Tuesday night. "On the Bridge at Midnight" is not a sensational melodrama, but a genuine comedy-drama. It is refreshingly free from the cut and dried devices of ordinary plays and its scenic and mechanical effects are unrivalled. The reproduction of a famous Jack-knife bridge in Chicago is what gives the play its title and the wonderful operation of this masterpiece of engineering is reproduced with thrilling accuracy. The huge valves open and a vessel passes through. Wit and humor follow each other through the play like sunshine and shadow on a showery day until the devotion of a blind mother is finally rewarded and the part of Teddy, the mischievous urehin and lost child, is particularly ninth provoking. There are many other interesting characters.

### MRS. TEMPLETON'S TELEGRAM.

Harry Conner, everybody's favorite comedian will be seen here when "Mrs. Templeton's Telegram" the bright and snappy farce, is offered. Almost direct from its three months' engagement at Powers' theater and clothed in its radiant garments of success "Mrs. Templeton's Telegram" said to be one of the most emphatic comedy successes of recent years, will come to the Auditorium one night, Thursday, March 1. Never before in the history of the dramatic world has a farce ever been received with more welcome and hearty applause by a theater loving public than did "Mrs. Templeton's Telegram" at Chicago. After its long and successful run at the Madison Square Garden, New York, it went to Powers' theater, Chicago, where it played for a hundred nights to crowded houses.

"Mrs. Temple's Telegram" is a farce wholly clean and free from suggestiveness, being something more than a mere framework for laughs, having a bright and entertaining plot and bright and witty sayings are always on top. A pace of action is in-

## POLICE ORDERED TO SHOOT DOGS

THE OFFICERS WILL BE ARMED WITH SHOTGUNS.

And Their Instructions Will be to Shoot All Dogs Roaming the Streets.

Mayor McCleery is screwing down the "lid" tighter each week. An order issued from the innermost sanctum of the city hall this morning makes it hazardous for dogs of all classes to roam at large over the city. Complaints have almost swamped the mayor's office during the past few days about dogs congregating on street corners.

After a conference with the chief of police it was decided that the officers should be instructed to commence a crusade on the canine population and make an effort to exterminate a few of the superfluous objectionable animals. The police force will be armed with shot guns and their instructions will be to shoot all dogs without regard to age, color or sex.

The public safety department is just now fearing an epidemic of hydrophobia as there have been many reports of cases near the city. Only a few days ago a case was reported from Bladensburg where a farmer was bitten and it was necessary for his physicians to hurry him to Chicago for Pasteur treatment. It is the intention of the city officials to avoid any epidemic of this sort, and this can only be done by a promiscuous slaughter of the objectionable dogs which are running at large over the street.

Most of the dogs causing the complaint are of no particular breed, but are commonly known as the yellow cur of mongrel type. Most people who own valuable dogs do not want them to roam the streets, and the orders issued from the mayor's office will not cause any hardship.

The moral is, "If you love your dog keep him in your own yard or you may have a chance to officiate at his funeral and burial." A dog owner is responsible for any damage done by the animal.

Prices have tumbled to very little. Overcoats at a discount of 25 per cent at the Great Western.

## PUBLIC BUILDING FOR MARIETTA

Was Assured by Congressman B. G. Dawes in His Address to the Board of Trade.

Marietta, O., Feb. 24—The 19th annual banquet of the Marietta board of trade was held Thursday evening. The speech of Hon. B. G. Dawes was short and to the point. It contained that for which Marietta has waited many years—the assurance that a public building would soon be a reality. Mr. Dawes has devoted his untiring efforts for a public building appropriation. The day he left Washington he told one of the members of the committee having the bill in charge that he was going to Marietta to address the board of trade on that subject and asked the member what he could say. The member of the committee told Mr. Dawes that he could say "Marietta will get her building. The bill will come up and be passed about March 15." This is the news that Mr. Dawes had to deliver and the announcement brought forth a great burst of enthusiasm.
